Mini Soccer:

The purpose of mini soccer is to allow the players to play with no pressure, no coaching, no refereeing, no yelling. It's simply to play just for the fun and enjoyment of the game in a safe, monitored environment. This will be a great atmosphere for young players to grow and develop their skills. The games will be divided each week into multiple small-sided games where the players will get lots of touches and opportunities to play with the encouragement from their friends and peers. This is a fantastic way to learn, meet new people, and develop individual and team skills. Many countries have a mini-soccer night including the Dutch, Argentinians, English and Brazilians who have produced some of the best talent in the world. We are bringing it here, right on your doorstep to **Fort Worth F.C.**

This is a great opportunity for **all** young players. You can come as a formed team of 6-8 players per team with a manager or as an individual and we will find you a team ☺

Cost: Per player

\$10 per session

\$50 for all sessions if paid on the first night
